Dear Sir / Madam,

Dr. Omar JAGNE has been the doctor-on-call for our mission from 19 October until 30 December.

He has provided expert medical advice throughout our stay in The Gambia, and also gave briefings and 1st aid training for our core team of election experts and election observers.

Africmed Hospital has been our sole provider of medical support.

I wish to thank Dr. Omar and his teams for excellent work. We are grateful for their services.

Yours faithfully,
